SnoBlox-Snojax

January 4, 2019

Dear Howie:

The results are in and it is my privilege to officially announce that SnoBlox-Snojax was a winner of the Top 10 Products of 2018! SnoBlox-Snojax was selected based on feedback through our reader service process, which gauges interest in a company's products on an issue-by-issue basis.

To celebrate our readers' favorite products, our Top 10 will be featured in the February/March 2019 issue of *Metal Roofing Magazine*. Every year, items listed in the article generate even more leads than their original mention.

As a Top 10 winner, there is nothing you need to do but enjoy your accolades and prepare for more! In the February/March 2019 issue, we will again highlight your company product in our Top 10 feature.

Gary Reichert will be contacting you if you wish to enhance your exposure with advertising.

Congratulations, Happy New Year, and best wishes in 2019!

Sincerely,

Sharon Glorioso
